

Week #	To Do	Owned by	Deadline	Status	Time estimate	Comments	Suggestions from class this week:	Decision on them:
			<i>all midnight</i>	<i>green done/red not</i>	<i>in hours</i>			
Week 5:							upload photos also!	N/A for this week
<i>plan of attack/skeleton</i>	Make spreadsheet	Mikaela	2/5/2014		1		sharing	
	Fill out spreadsheet/choose deadlines	Mikaela	2/6/2014		0.5		maybe if they submit two, they concatenate?	
	Code homepage	Calvin, Mikaela	2/6/2014		3		upon edit: auto cursor to the end.	
	Set up Github	Calvin	2/4/2014		0.5		Dan Cosley: does cool things about memory	
	Code skeleton links	Calvin	2/6/2014		1			
	Re-do Heuristic Evals	Peter	2/5/2014		2		more concise view: see months	
	Summarize Heuristic Evals	Peter	2/6/2014		2		pop up/randomly show an old memory??	
	Publish to Heroku	Calvin	2/6/2014		0.5		be able to make a summary	
	Re-draw prototype, based upon heuristic feedback	Peter	2/5/2014		0.5		search function	
	Test site from mobile device	Mikaela	2/6/2014		0.5		maybe tags? #farmer's market	
	Browse app design sites for possible UI templates	All	2/7/2014		?		include in the description--the intent--it's personal, not	
Week 6:								
<i>basic functionality</i>	research possible database structures (ClearDB?)	Mikaela	2/11/2014		1		See what you've written on the home page	later
	fix the json bug	Calvin	2/13/2014		3		switch the order of the displayed	this week
	Research push notifications from web app	Peter	2/10/2014		1		time on the entries?	never
	Code settings screen UI	Peter	2/12/2014		1		show interaction with entries--highlight certain days, color code, icons, etc.	later
	Implement functionality for the "daily entry" page to push data to the final page	Calvin	2/13/2014		1		password verification on first login	this week
	Research/implement drop-down to make previous entries expand on the "past entries" page	Peter	2/13/2014		3		home page: make content different	this week?
	Determine whether weekly summarization of entries is feasible/needed	Mikaela	2/10/2014		1		In settings: decide what you want to show. Entry from a year ago, or a month ago, or yesterday.	this week, hopefully.
	Research JQTouch/SQL	Calvin	2/11/2014		2		tutorial page upon first login with help icons and greyed over boxes.	later!
	Implement push notifications	Peter/Mikaela	2/13/2014		2		behavior modification: encourage them to use the app the way we want. What kind of behavior do we want from them ?	keep in mind
	Find a way to store users temporarily	Peter/Mikaela					Behavioral: set times??	keep in mid
							Behavioral: streaks of days? total days	keep in mind
Week 7:								
<i>ready for testing</i>	Alter home page to increase aesthetics	Calvin	2/16/2014		1			
	Change buttons to fill bottom of screen	Mikaela	2/16/2014		2			
	Implement user editing of entries on the memory-history screen	Calvin	2/19/2014		3			
	Evaluate design for ease of use and make list of needed edits	Peter	2/19/2014		1			
	Add photo uploading	Peter			2			
	Switch order of entries on memory	Mikaela			1			
	Make expandable history for years/months a la facebook timeline	Calvin			3	Calvin is working on it --he hit a few bugs!		
	Disallow users from accessing other pages without signing in--for each page, before rendering, check that we're signed in!	Mikaela			2?			
	Change home page to show entry from a year ago	TBD when we meet this weekend			?	dependent upon database stuff--to do this weekend!		
Week 8:								
	aggregate test data	Peter	2/24/2014					
<i>user test results</i>	Create a to-do list of changes with incorporated feedback	Peter	2/25/2014					
	Re-evaluate small design details: does the entire app flow smoothly?	Mikaela	2/27/2014					
	OPTIONAL: implement functionality that allows user to choose background and/or fonts?	Calvin	2/27/2014					

Week 9:	Organize collected data	Peter	3/4/2014				
<i>refine /statistics</i>	Do statistical analysis/number-crunching/chi-squared test	Mikaela	3/5/2014				
	Create graphs or other visual representations of data	Calvin	3/6/2014				
Week 10:							
<i>presentation</i>							
	Compile summary of findings	Mikaela	3/10/2014				
	Brainstorm possible problems/caveats and how to respond to them	Peter	3/11/2014				
	Brainstorm what features of prototype&design process we want to present	Peter	3/9/2014				
	1-minute madness slide	Mikaela	3/12/2014				
	Booth poster	Calvin	3/13/2014
